SUMMARY

Highly motivated final-year Information Technology student at Gadjah Mada University with certified, hands-on experience in backend development using Golang and Python. Eager to apply practical skills in API development (REST, Gin), database management (PostgreSQL), and cloud technologies (AWS, Alibaba Cloud) to contribute to Coding Studio's backend systems. A proven collaborator with experience in testing and debugging within fast-paced tech environments.

EXPERIENCE

Golang - Backend Development Bootcamp **Sep 2025 – Oct 2025**
Participant

- Developed and maintained RESTful APIs using the Gin framework in Golang.
- Managed database integration and API implementation with PostgreSQL.
- Built and deployed a mini-project RESTful API, handling JSON data, web server logic, and middleware.
- Gained proficiency in Golang fundamentals, including pointers, structs, methods, and goroutines.

ADDITIONAL EXPERIENCE

Qiscus **July - Oct 2025**
QA Engineer Intern | Remote

- Served as AI Trainer and Quality Assurance for client projects, implementing AI Agents across multiple brands including Crystallure, Oh My Glam, and Paragon AI
- Conducted end-to-end testing processes including assessments, regression testing, User Acceptance Testing (UAT), and go-live support
- Collaborated with development teams to identify and resolve system integration issues
- Documented testing findings and contributed to system optimization efforts

Tokopedia – Bytedance Group **Feb – Jun 2025**
QA Engineer Intern | Yogyakarta

- Performed manual and automated testing on Tokopedia and TikTok Shop platforms (Web & Android)
- Identified bugs and documented issues using test trackers
- Ensured feature reliability and regression coverage across multiple environments

Bitbybit Studio – Favo Group **Nov 2024 – July 2025**
QA Engineer Intern | Remote

- Conducted manual testing and vulnerability assessments for omnichannel and CRM platforms
- Used tools like X-Ray, Nuclei, and other security scanners to detect flaws
- Contributed to enhancing the AI-integrated shopping experience's resilience and performance

KMTETI FT UGM

2021 – 2022

Staff Divisi Akademis & Divisi Adkesma

- Organized academic events and managed activities, including IELTS webinars and simulations.
- Served as project coordinator for various student programs and events.
- Served as a project lead and communication liaison for the KKL 2022 and SOSKP 2022 events, responsible for overseeing program operations and public relations.
- Assisted in coordinating the IELTS 2022 program, ensuring smooth event flow and participant engagement.

CERTIFICATION

- CompTIA Security+
- CompTIA Network+
- Ethical Hacking Essentials (EHE)
- AWS Certified Cloud Practitioner
- Alibaba Cloud Certified Professional
- Alibaba Cloud Certified Associate (ACA)

EDUCATION

Bachelor of Information Technology
Gadjah Mada University (UGM)

2020 - Present
